It's hard but we would have to talk it eventually

I appreciate the talk and I feel there was alot said and exchanged that felt good; it ok to care about each others well being.

Thank you for being patient enough to try to help me understand you better

purpose of the affidavit is **to convince the prosecutor to dismiss the case**. The problem is that in Bexar County and most other counties, the prosecutor will ignore the affidavit. Mar 26, 2020

Tess, I dont want any trouble, you said you dont want this procecuted, if my attourney sent you an affidavit for you to legally state this, then Im pretty sure it matters and I trust that as I hired him to represent me and defend me in a state I dont live in. It will matter to a judge whether the procecution ignores it or not and I cant implicate myself in a crime I didnt commit.

\*dont want this prosecuted;  
sorry Im not a spell check or  
autocorrect person

Well it's on record twice now  
with the DA/prosecutors office  
that I don't want it procecuted.

Also want to say; talking with  
you today for the most part was  
nostalgic of times when we  
have gotten along well and I  
appreciate the humor, I laughed  
and smiled a few times and its  
been months since; its  
endearing how you expressed  
again to me that you miss me  
and you love me. I care about  
you and I do really want healthy  
communication between us, Im  
serious about ending the  
honeymoon/abuse cycle and Im  
sticking with that.

And that's coming from me.. not you or something your lawyer wrote for me. And to me that sounds more legitimate

I respect that as you have said multiple times you dont. If my attourney talked with you and asked you to, and you agreed, then it matters. It is upto you if you want to follow through on your word.

Also I wasn't expecting a talk with you or a conversation today to go so well for 8 hrs, I'm kinda blown away by that. But for what it's worth to you, I did appreciate the calm and humor and warm things you shared with me.

alcohol not being involved really played a huge part in this; would you agree?

Yes

remember the first song you ever sent me?

What was it?

Most ppl dont want to hear this, but real relationships that last involve a lot of forgiveness. You have to accept the fact that your partner isnt perfect & will hurt you, disappoint you, & upset you. You have to figure out if you're willing to go thru ups & downs with them
